FINANCIAL POLICY
For Hillmont GI, Springfield ASC & Anesthesia Services

Hillmont GI is dedicated to providing you the most efficient care and service possible. **Your understanding of our financial policy is an essential element of your care and service**. The following is a statement of our Financial Policy, which we require you to read and sign prior to treatment. If you have questions regarding our policy, please feel free to contact our billing department at 215-402-0800 ext 226.

Full payment is due at the time of service. HMO and other "managed care" plans require that primary care physicians provide the patient with a referral to be presented to the specialty care physician. This form must specify a request for a consultation or for treatment, and reason for the referral. **If your insurance company requires a referral and you do not bring a referral with you, we will reschedule your visit**. If you have insurance, and have signed an "Assignment of Benefits" statement, we will bill your insurance carrier for you if we are a provider on your plan. Outstanding balances after insurance are due within (30) days of the billing statement date. **Any balance unpaid after ninety days will be turned over to our collection agency Northwest Collectors, Inc. unless other arrangements are made with our billing department.**

It is your responsibility to know the details of your particular insurance policy. **Not all services are covered by all insurance carriers**. Services and diagnosis which are not covered by your insurance are your responsibility. Diagnoses and services are carefully documented to comply with federal law. Under no circumstances will these be changed, altered or falsified in ordered to obtain coverage by insurance. If your insurance has a **copay** it is due at the time of service. It is against the law for us to waive a copay. If we do not collect them your insurance company can charge us with billing fraud. If you have a **deductible**, you are responsible for all charges until the deductible is met.

If your insurance carrier has a **"network**" of providers it is your responsibility to make sure we are an "in network" provider prior to obtain services. If we are not "in network", we will still be happy to provide services: however the percentage of charges or deductible for which you are responsible will be greater.

It is your responsibility to make sure we have accurate insurance carrier information and billing information. If a claim is unsuccessful because of flawed insurance or billing information, you will be responsible for the balance.

We will make every effort to assist you in understanding the above information. We will also assist with any problems arising with your insurance to the extent we can accommodate.

The Health Insurance Portability and Accountability Act (HIPAA) of 1996 is a federal program that requires strict confidentiality for all your personal health information. That includes all your medical and dental information used or disclosed by us in any form, whether electronic, written or verbal. The Act gives you significant rights to understand and control how your health information is used. The Act also provides penalties for the misuse of Protected Health Information (PHI).

PHI is any information about you, including demographic data that identifies you and your past, present or future physical or mental health condition, as well as related healthcare services. This Privacy Policy describes how we may use or disclose your PHI to provide treatment, payment or healthcare operations or other purposes that are permitted or required by law. This policy also describes your rights to access and control your PHI.

Uses and Disclosures of Protected Health Information

Your PHI may be used or disclosed by our physician, office staff or others involved in your care and treatment, whether providing healthcare services to you, paying your healthcare bills, supporting the operation of our practice or any other lawful use.

Treatment: We will use and disclose your PHI to provide, coordinate or manage your healthcare and related services. This includes the coordination or management of your healthcare by a third party. For example, your PHI may be given to a physician you have been referred to in order to ensure that he or she has the necessary information to diagnose or treat you.

Healthcare Operations: We may use or disclose your PHI to support our business activities. These activities may include quality assessment, employee review and conducting or arranging other business activities. We may also use a sign-in sheet at the registration desk where you will be asked to sign your name and indicate your physician. We may call you by name in our reception area when your physician is ready to see you. We may use or disclose your PHI, as necessary, to contact you to remind you of your appointment. We may send you an e-mail, text message, or phone your home and leave a message (on an answering machine or with the person answering the phone), to remind you of an upcoming appointment, the need to schedule a new appointment or to call our office. We may also mail a postcard reminder or letter to your home address. Please tell us if you prefer that we call or contact you at another phone number or location.

We may use or disclose your PHI under the following circumstances without your authorization. These include, as required by law:

- Public health issues
- Communicable diseases

Required Uses and Disclosures: The law requires us to disclose to you when we are investigated by the Secretary of the Department of Health and Human Services to determine our compliance with HIPAA. Other permitted and required uses and disclosures will be made only with your consent, authorization or opportunity to object unless required by law. You may revoke this authorization in writing at any time except to the extent that your physician or the physician's practice has taken action in reliance on the use or disclosure indicated in your authorization.

Payment: Your PHI will be used, as needed, to obtain payment for healthcare services. For example, obtaining approval for a hospital stay may require that your relevant PHI be disclosed to your health insurance plan to obtain approval for a hospital admission or a health-related procedure.

Your Rights

You have the right to inspect and copy your PHI. Under federal law, however, you may not inspect or copy the following records:

- Psychotherapy notes
- Information compiled in reasonable anticipation of, or use in civil, criminal or administrative actions or proceedings
- PHI that is subject to law prohibiting access to said PHI

You have the right to request a restriction of your health information. This means you may ask us not to use or disclose any part of your PHI for the purposes of treatment, payment or healthcare operations. You may also request nondisclosure of any part of your PHI to family members or friends who may be involved in your care or for notification purposes described in these Privacy Practices. Your request must state the specific restriction and to whom you want the restriction to apply.
